SCARLET GLOBE SHORT TOP RADISH

A Dependable Strain

This strain is from carefully selected roots. Very early with uniform round shape, somewhat rounder than Cavalier, firm and bright scarlet color makes it most attractive. A short top strain. Both greenhouse and outdoor growers, who have known this strain are still growing it.

SEED TREATMENTS

ORTHOCIDE 75 SEED PROTECTANT

Safe and effective on nearly all garden seeds. Controls seed rot and damping off. Highly recommended for cucumbers, melons, etc. Also makes effective drench or spray 1 oz. treats up to 30 lbs. of most seed.

4½ oz. \$1.20; 1 lb. \$2.60 postpaid.

ORTHO SEED GUARD

Lindane, Orthocide, Methocel.

Controls wireworms and seed corn maggots, also reduces seed decay. Use on beans, corn, cucumbers, melons and squash. Permits earlier planting, improves stands. Just mix with water, pour over seed and stir well. 4½ oz. treats 3 bu. of corn or beans, 100 lbs. of vine seeds.

4½ oz. jar \$1.70 postpaid.

ISOTOX 25 —For Maggots and Wireworms.

Controls seed corn maggots and wireworms on corn. Simply mix with seed before planting, 1½ oz. per bu. Our corn is already treated with a fungicide and this material provides an easy way to get protection against soil insects at low cost.

4½ oz. \$1.35; 1 lb. \$3.45 postpaid.

SEMESAN —Treats Both Seed and Soil.

This old favorite is still very useful as a dry or liquid seed treatment or as a drench for treating soils and bulbs for control of soil rot, damping off, etc.

4 oz. \$1.80; 12 oz. \$4.95

SPERGON

Good, safe fungicide for many seeds. Protects against decay, improves stands. Best on beans and peas. (Note: our pea seed is already treated with Spergon.)

1 oz. 50c; 5 oz. \$1.75; 1 lb. \$2.75 postpaid.

CROW REPELLENT

If you are troubled with crows and other birds pulling up your seed corn, treat it with STANLEY'S CROW REPELLENT. Will not harm seed or clog planter.

½ Pt. (treats 1 bu.) 60c; Pt. \$1.00; Qt. \$1.75 postpaid.

PLANT HORMONES

TRANSPLANTONE

For treatment of all transplants Reduces wilt. New growth starts sooner. 1 oz. makes 100 gallons of solution.

½ oz. pkt. 25c; 3 oz. can \$1.00; lb. \$4.00 postpaid.

ROOTONE

A hormone powder for cuttings, seeds and bulbs. Just dust and plant. Breaks dormancy in seeds and bulbs, and gives stronger root systems and healthier plants.

¼ oz. pkt. 25c; 2 oz. jar (to 3,000 cuttings) \$1.00;

1 lb. pkg. (to 30,000 cuttings) \$5.00 postpaid

BLOSSOM-SET

Sets blossoms chemically, prevents their falling. Produces ripe tomatoes 2-4 weeks earlier; 20-40% greater yield; larger; meatier; sweeter; SEEDLESS: — tomatoes, peppers, cucumbers, eggplant, squash. Bigger set of strawberries, beans, peas.

4 oz. bottle (makes 1 gal.) 75c;

Pint (makes 4 gals.) \$1.75 postpaid.

(2 or 3 applications recommended)

AEROSOL BLOSSOM-SET

All ready to use, no sprayer required — 12 oz. of Blossom-Set (see above), a season's supply for 100 plants, in a handy aerosol bomb.

Each \$1.80; 6 for \$9.60 postpaid.

NICO-FUME

An effective convenient Nicotine fumigant for greenhouses. ½ lb. completely fumigates up to 15,000 cubic feet.

half-lb. can .50; one-lb. can .95; 12 half-lb. cans 5.10; 12 one-lb. cans 9.95 all postpaid

NO-DAMP-OFF SPHAGNUM MOSS

For Starting Seeds Indoors

Safe — Amazingly Effective

This horticultural milled sphagnum moss is the greatest help in starting seedlings that we have ever seen. Use it alone or as a ¼ in. layer over your regular soil. It assures excellent germination, less danger of drying out and no damping off! The 10 oz. package will cover several flats, and the 2 cu. ft. size is economical for commercial plant growers.

10 oz. pkg. 95c;

(2 bu. size, wt. about 7 lbs.) \$3.25 postpaid at warehouse 2.85

WHAT A STRAWBERRY!

You just pick and pick and pick these luscious berries from June right through 'til frost. Folks who say an everbearer isn't sweet should taste Red Rich. They're chock-full of real honey-sweet goodness. They're deep red through the core. Solid and firm. Frost resistant. Tops for freezing, too! Delicious and attractive when served. A leading midwestern university reports Red Rich the best of 29 everbearing varieties tried. The plants are so tall and full that you can use them as a beautiful garden border or edge in front of evergreens—many places.

DELIVERY OF SEEDS

Shipping Charges

Prepaid Items: We pay shipping charges on all vegetable and flower seeds and Peas, Beans and Corn up to but not including five pounds in the U. S. A. (not Canada). We usually send small lots by parcel post and larger lots by freight. If you want a shipment by *parcel post* which we could send more economically by freight, please consult your post office and include postage with your remittance; we will then refund the freight rate. If you specify express, we will ship by express *collect* and *refund the freight rate*.

Not Prepaid Items: Beans, Sweet Corn and Peas 5 lbs. or more are shipped at your expense unless your seed order (not including Farm Seeds, Accessories, etc.) amounts to \$20.00 or over. We will then prepay by freight or parcel post, whichever is less. If wanted by express or mail on larger lots, see above.

Field and Grass Seeds, Onion Sets, Plants, Roots, Accessories, etc., are shipped at your expense, except where quoted postpaid. Specify parcel post, express, freight or truck — not shipping weights.

Method of Shipment

PARCEL POST. Rates have advanced sharply. Shipments under 50 lbs. are still less than freight up to 300 miles, but beyond that, only 35 lbs. or less are cheaper. Consult your post office for rates and send payment for postage on *not prepaid* items.

EXPRESS. Rates are high but service usually fast. Sent collect (See above). Be sure to give your nearest express office.

FREIGHT. Cheapest for large shipments but often slow. Minimum is \$3.09. Allow for delay and give nearest freight office and railroad.

TRUCK. Where *direct* service is available from Canton, truck is usually faster than rail freight at slightly higher cost. No C. O. D. shipments by truck.

PRICES are subject to change without notice and to our stocks being unsold.

TERMS AND DISCOUNTS

Cash Discount 3%

Our regular terms are cash with order for which we allow a discount of 3% on vegetable and flower seeds only. No discount on Field and Grass Seeds, Potatoes, Onion Sets and Plants, other Plants and Roots, and Accessories. All these items are strictly **net cash with order**.

C.O.D. SHIPMENTS. Not recommended because of extra C.O.D. fees and frequent delays in delivery. 25% cash down payment must be sent with order and cash discount is not allowed on C.O.D. orders. No C.O.D.'s accepted for plants, roots, potatoes, onion sets, Hotents and Super Hotents.

Time Payments

If you wish to open an account with us, send name of your bank and at least two business references. To customers of established credit we offer these terms:

Market Gardeners' Terms. (Vegetable Seed only.) All bills due and payable *net* August 1. (For goods shipped after that date, due Dec. 1st.)

Florists' Terms. (Flower Seeds only.) Due *net* June 1st. (On goods shipped after that date, Dec. 1st.)

Note: Field and Grass Seeds, Potatoes, Onion Sets and Plants, other Plants and Roots, and Accessories, are strictly net cash with order and may not be charged.

CONDITIONS OF SALE

All seeds sold by us are tested to insure that only seeds of high germination will be supplied to you. The germination is marked on all packages. We guarantee the arrival in good condition. In common with all responsible seedsmen, we warrant to the extent of purchase price that seeds, bulbs or plants sold are as described on the container, within recognized tolerances. Our liability in all instances is limited to the purchase price of the seeds, bulbs or plants.

PLEASE ORDER EARLY. While we can give your orders prompt service here, we suggest you allow for possible delay in shipping next spring.
